Greetings from SPS !

We came to the close of the most happening month of the year. Students in this month were exposed a lot to co-curricular activities- Azadi ka Amrut Mahastav being the most significant one. Apart from this, there was library day Celebration, Ganesh Chaturthi, Janmashtami etc.

All the activities the kids were engaged in taught them many skills. The students really enjoyed participating in those activities. Learning does not happen only inside the four walls. The students acquire knowledge , skills and attitude when they are engaged in different tasks. These are directly and indirectly linked to academics.

It is really heartening to see Sangameshwarians exhibiting their talent in areas other than academics. In this way we ensure their holistic growth which ultimately is the true aim of education.

Warm regards

Ms. Gayatri. Kulkarni

Principal, SPS
