## From Principal's Desk

Dear parents/ patrons,

Greetings from SPS.....

We welcomed new year with a noble gesture ie celebrating the joy of giving through our annual programme Annapurna Movement. SPS believes in inculcating values right from their childhood. The kids will grow up as citizens that are capable of showing empathy for others. The parent community is also playing a key role in joining us in our mission. They deserve a huge appreciation from our side.

We sincerely hope that they will join our hands in making school not just a center of learning but a center of excellence....

Warm regards

Principal, SPS

## *The Art Of Giving*

SPS believes in inculcating values like the art of giving from childhood itself. On every new year occasion, we donate grains and other things to an orphanage called 'Apale Ghar'. The grains like rice, wheat, jowar are collected from students. They have to donate at least one kg of any grains out of their own will.

We call it 'Annapurna Movement' – the joy of giving.
