From Principal's Desk

Greetings from SPS.....

March month heralds the ending of the academic year. It is a month totally devoted for examination, assessments, evaluation etc.

We at SPS conducted examination of grade 8 and 9 and announced the results too. Their classes will commence from 3rd April for next academic year. Examinations for grade 1 to 7 is scheduled in the last week of March.

We aim at preparing students to appear for many examinations which they encounter in their future life. We train students in such a way that they are prepared for any kind of assessments-oral, written, kinesthetic etc. Examination is just a tool and it is not an end in itself.

Our internal assessments are continuous and comprehensive which test all aspects of learning in a non-threatening atmosphere.

We wish the students best of luck and urge the parents not to put any kind of pressure on them.

INTEGRATED EXHIBITION FUSION EXPO- 2023

(languages, Maths, Science and Social Science)

In accordance with the guidelines given by NEP, an effort is made at SPS to integrate subjects and teach students

in a holistic manner. In this regard, an integrated exhibition was held at school combining languages, Maths, Science, Social science.

The students made models, teaching learning materials in a creative and eye catching way.

'I hear, I forget, I see I remember I do I understand'
- as per the famous quote of Confucius, students exhibited what they understood.

It was a big learning experience for students as they involved themselves in preparing the models. The school commended the efforts of both parents and students.

SPORTS DAY PRIZE DISTRIBUTION

The students that took part in Annual Sports Meet were honoured in a simple ceremony with badges and trophies.

There were both individual and team events.

Individual events: 100mts running, long jump, hurdles running, shot put etc

Team events : Dodge ball, kabaddi, cricket etc

Yellow house emerged as overall champions

Students took part in the sports meet enthusiastically.
