From Principal's Desk

Dear parents

Warm greetings from SPS.....!

Welcome back to the 2nd session of this academic year. I hope that kids had an enjoyable and safe Diwali. The new session opens up with a lot of fun filled activities, events and school programmes.

We have in this session sports day, annual day, Annapurna Movement. In addition, there will be school excursion and other events.

We have scheduled II periodic test in Jan'20. Overall it would be little hectic but kids learn faster than expected.

I'm sure that they will get exposed to a lot of things and become good thinkers and independent workers.

Hoping to receive your continued support,

Regards

Principal

BOUNTIES OF NATURE

O' Earth! My mother, you gave me birth, And
filled my little life with mirth.

You gave me love, And you gave me care

You gave me food, And this beautiful Earth to
share.

You gave me water, You gave me air, Your
bounties are truly rare.

O' Earth! My mother you are my giver, I want to
walk in your shade forever, I want to live with
your love forever.

Yoga

The greatest gift of India to the world is YOGA. In these days of all round disintegration that is seen in the world, Yoga has become a necessity. Yoga in essence is the integration of the body-mind-intellect with self, individual with the family, the family with the society, the society with the nation and the nation with the whole creation. **YOGA IS A WAY OF LIFE** Practice of yoga is not only about asanas and pranayam or even efforts at meditation. Practice of yoga cannot be just for an hour it has to be for 24 hours by living in harmony with the one that has manifested as many.

YOGA means - Yujoyate anena iti Yoah

युज्यते अनेन इति योगः | Yoga means to join, the union of Atma with paramatma.

Ms. Vaidehi Gore

Asst. Teacher
