

Pre-School ANNUAL REPORT... (2018-2019)

Good Evening Everybody

Smt. Shubhangi mam our "Guests of Honor" for this evening, Shri Dharmraj Kadadi sir President of today's function, Ms Sheetal Kadadi mam Member of Sangameshwer Education Society, all Kadadi family members, Prin. Dr. Rajmanya mam, Night college Principal Dr. S J Awate , Vice Prin. Hulli Sir, MS Gayatri Kulkarni mam Principal of Sangameshwer Public school, Mr. Vadiraj Kulkarni sir Vice Principal of Sangameshwer Public School, vice President of PTA, Parents, all Staff Members of Sangameshwer Education Society, and my dear Students.

It gives me great pleasure to welcome you to our Annual Day this evening and to present the Annual Report of Sangameshwer Public School for the year 2018- 2019.

It has been just a few months since I have taken over the charge as a Supervisor of this reputed school from the capable hands of Principal Ms. Gayatri ma'am. I owe a debt of gratitude to her, for the legacy that she have passed on to me.

We have selected our theme for this year, the International Year of Cooperation. Teamwork and cooperation are closely linked, and I think that if we at Sangameshwer Public School have achieved anything this

last year, it has been the result of tremendous cooperation on the part of everyone associated with this institution, but very especially the staff, who have strived to mold our Children into future shining citizens of India.

Let me now begin my report with the activities of the Pre-Primary section.

All the skills gained through the year and the events of the Pre Primary sections are best described in pictures. So here's a good supply of them.... (Pictures shown

A complete grown personality has to have a balance of physical, emotional, social and spiritual. The new generation of children exhibit skills and talents of genius. The future belongs to those who are Inquires, Knowledgeable, Thinkers, Principled, Communicators, Open minded, Risk takers and Reflective.

Guided by these virtues, we run our programs, keeping in mind the potential of child and a way to identify the inherent potential of child and then to nurture it.

Academics-

We create environment of learning by conducting different activities-

- to develop finer and gross motor skills through activities like beading, coloring, finger printing, lacing board, pyramid making, clay modeling etc.*
- to develop vocabulary activities like free play, doll house, rhymes, riddles, alphabet board for identifying & recognizing, sounds through phonics, storytelling, games with letters etc.*

- to develop **number concept** different games with numbers, puzzles, counting and serration through beading, shapes, size, colors through observation in surrounding etc.

Theme based learning - to teach life skills syllabus is planned with lot of activities on themes like

Theme - Winter season - Campfire activity - To enhance sense of responsibility, learn healthy habits practically like washing hands before and after eating and using toilets, brushing before and after bed, Yoga and meditation and many more.

Theme - Trees- Planting Activity - Sowing seeds, watering them and observe them growing and recording on paper in the picture form. (Doing practically and recording knowledge will sustain longer)

Theme - Food - Healthy Bhel Making Activity

*Identifying vegetables, importance of raw food
Demonstration of washing, peeling, cutting, grating, squeezing, mixing ect was shown, followed by tasting yemmy and tasty bhel of raw sprouts and vegetables.*

These are only few activities there are many more to be done in future.

I now turn to the Social and Spiritual dimensions of a child's growth. We have been keeping up with our Value Education as well as our Religious Education for students. The tradition of celebrating festivals and important days of each month has been maintained. But over and above these

theoretical inputs, what is more important is the ethical and moral atmosphere that we try to inculcate in all our children, for as we know well, values are caught rather than taught. So here are different celebrations like- Ashadi Ekadashi, Christmas, Sankranti, Diwali, Animal welfare Day, Laughing Day, Teachers Day ect.

The another dimension of the human personality is the physical. I now turn to SPORTS AND GAMES.

The year 2018-2019 has been an eventful year for our students on the sports field which helped our young sportsmen to find their talent and sharpen their skills.

Sports activities like Marathon Race, Cup Balancing, Hurdle Race, Pyramid making and puzzle Race, Frog Jump, Book Balancing etc. Very Special sports activity conducted was A Marathon Race in Hutaatma Bag at navi peth, it could be done on our collage ground also but we wanted to bringing students in touch with mother nature, and creat a bonding with nature, Feel the blissful environment and refresh themselves. And really it could happen.

The true test of a school is its participation and meritorious performance when it comes to inter-school activities. I am happy to report that Sangameshwer Public School has participated in many such programs: I shall rapidly run through the record of our performance.

Interschool Recitation competition, Storytelling competition and coloring competition conducted by PS school

Training for teachers-It is a Management's vision to provide the world with motivated, responsible and disciplined teachers, to shape a better future. They believe this can be achieved by strengthening foundation upon teachers which they can create a successful future for themselves and the society around them only by empowering their knowledge. So Mgt. is spending much on teachers training. A special group of teacher trainers from Academic `s of creative Teaching from Bangalore is hired and every two months teachers are trained with all new methods of teaching.

A word about, and to, the parents of our students: Parents, you have been simply fantastic in your cooperation and collaboration with the school in so many of its activities you parents have always been there. As for the PTA, in the beginning stages though it may be, it has done its bit to help in building up a favorable atmosphere in which parents and teachers can both work together towards a common goal - the welfare of our children.

Staff Achievements

I feel delighted to mention the achievement of myself Ms. Kirti Ashok Shanku was felicitated as a Best Teacher Award by Sarthee Foundation on 26th of Jan.19. Selection was done on the basis survey report done in Solapur city by Sarthee Foundation.

I would like to express my sincere thanks to the management of Sangmeshwer Public School who gave us the platform to explore our knowledge which made us highlight in the survey report.

A few staff members have joined us in 2018, They are: Ms. Anupama Kulkarni, Ms. Madhavi Adam, Ms. _____ and I wish to welcome them to Sangameshwer Public School.

A few staff members have left us in 2018-2019 They are: Ms. Snehal Pawar, Ms. Kavita & Ms. Rajita. and I take this opportunity to sincerely thank them for their services to this institution.

Very many thanks to Chairman Shri. Dharmraj Kadadi Sir , Ms. Sheetal Kadadi Maam, Mr. Santosh Patil Sir, Ms. Deepali Karajgikar Maam and Ms. Uma Bagalkote maam, Ms. Gayatri Kulkarni mam for their invaluable guidance and assistance during the entire year. I solely feel the need for them ever so often.

Finally, I can hardly tell you how blessed Sangameshwer Public School is to have such a wonderful and cooperative staff. Without each one of my staff members, it would be impossible for me to guide this ship of Sangameshwer Public School to its destination. Thank you so much, dear teaching and non-teaching staff members of Sangmeshwar Education Society.

Truly, almighty have been so kind and gracious to us! “Yes, we canachieve” is the motto that we have chosen

for this Annual Day, and I think that our Annual Report has shown that our kids have achieved a lot indeed.

More, no doubt, can still be done... excellence in every field should be our goal!

President Obama said "Yes, we can", as part of his inaugural speech. I can safely say at the end of one year, not only "Yes, we can....achieve", but "Yes, we have achieved."

Thank You!
